The Kids Choir was a big part of the show (not to mention one of the reasons for the record setting audiences!)

Two of these “kids” are now married – to each other – and have 2 kids of their own! Another is on Tour in Europe with William Prince and one is on the board of “The Gift of Music”
Do you know others? Let us know what they are up to now! Watch next month to find out who they all are.

In Memory of Christina

We've lost a member of the Windmill Theatre Players family. Christina Ersson passed away on Wednesday, November 15 after a very short battle with cancer.

Christina first joined us in 1996, as a costume assistant for our fall show, Annie. Over the years Christina was involved in countless WTP

productions, doing everything from helping backstage to managing the front of house and producing, although props were her real love. She was so many things to us;

hard working, dedicated, ever-present, passionate, generous, straight-forward and many many more wonderful adjectives.

One of the final conversations she had with a Windmill member, Christina said about WTP “I love them”. We love you too Christina, and the hole you leave in our lives will never be filled. We send our love to BJ, Tomas, Maria and the entire Ersson family, thank you for sharing her with us.

Celebration of life arrangements have not yet been announced. I will forward this information when it becomes available.
